Centennial College and report Comparative analysis of isolated microplastics in select food samples

# TAC 2024 – 2026 Strategic Plan

## Four pillars

- Financial Sustainability
- Strengthen Partner Relations
- Improve Auditing Process & Customer Experience
- Learning & Development

# Financial Sustainability

## **Increase Number of Accreditations by Developing New Discipline Standards**

- » Engineering Design & Drafting Technology
- » Welding Engineering Technology
- » Mechatronics Engineering Technology
- » Alternative energy related
- » TAC Standards Council establishes priorities
- » Streamline accreditation process

# Strengthen Partner Relations

## Communication and responsiveness

- » Information sessions (accreditation and EDvera)
- » Communication – assigned portfolios with two project managers

# Improve Auditing Process & Customer Experience

## Pilot projects

- » Accreditations happening at the same time (TN/TY)
- » Accreditations at multiple campuses
- » Ontario (CQAAP/TAC gap analysis)
- » Institutional audit and program audit
- » Automated notifications and renewals
- » New auditors and lead auditors
- » Post audit surveys with colleges and audit team members
- » Provincial auditor training events; two virtual event planned in winter 2025
  - Guides for auditors and lead auditors developed

# Learning & Development

## Information Sessions and User Guides for Accreditation Management Platform

- » Colleges
- » Registrars
- » Auditors
- » Onboarding & Annual Refreshers for Board and Standing Councils

# Questions?
